

Who all wants to get some Hepatitis?!

I was recently at an orgy where everyone could not stop talking about... oh what was her name? I hear that everyone's had her and I was hoping to get her too... Oh yeah! It was Chlamydia!

STD's are common among my people so we created the Centaur for disease control.

What do you call a trojan with hair in his teeth? A Glad-He-Ate-Her (then spits)
