

SISTER WHYVES (POSSESSED BY DEE MONIQUE)

INTRO

- Who am I? WHO... AM... I? How the hell should I know who this bitch is! I should rip out your heart and feed it to you for asking me such a stupid question!
(Becoming enraged) AGHHHHHHHHH!

ONE LINERS

- Ever since Sawyer unbound me from the shackles that tied me to Freda spirits and impregnated this human vessel, I've been having a devil of a time trying to find a man to help RAISE this demon baby, because I'm told I'm too possessive.
- The benefits of becoming my human fodder is that before you die, you'll be in great shape. As a result of all the bodies you'll be burying in my wake, you'll be exorcized regularly.
- I REALLY hate people who do cross-fit.
- I need a professional who is hot and doesn't mind being in blazers (or incinerators) ha ha.
- Qualities you may like about me? I'm a delicate fuckin' flower. I've also been watching my diet lately as well. I've only been eating the NECESSARY entrails of my victims. Don't you admire my restraints?
- Chris P. thinks he can out me, Dee Monique. He'll never- Shit! I just outed myself! You didn't hear that.

EXIT

- Pick me, and as my loyal servant, I MAY BE willing to allow you to survive the birthing of this future demi overlord AND the zombie army uprising. MAYBE...
