1 INT. THE GOLDEN SHOWER HIGH BALLER ROOM -- EVENING

On the left, EL PLACEBO is slumped over sleeping with a huge stack of poker chips. The middle chair is empty and EMPRESS DONGULA is sitting on the right with almost no chips left. She is looking at her cards pondering and she's frustrated. She looks at POKER DEALER #1.

EMPRESS DONGULA

How the hell can a guy who's been conscious for all of 30 seconds since our date started hours ago, be kicking my ass at poker?!

WILL FONDLE runs into the poker room and sits in the empty chair. He ducks down. CANDI WITH AN I stops in front of the door.

WILL FONDLE

(To Dongula)
Don't react.

CANDI WITH AN I

Hey! You forgot to give me my five bucks! Where'd ya go?

Candi with an I runs off. Will Fondle swipes a bunch of El Placebo's chips. *14 min*

EMPRESS DONGULA

Who was that?

WILL FONDLE

Oh just some skank I met in the back alley who was insisting I pay her five dollars. As you can imagine, I gave her quite a mouthful. But then I took off and she started giving chase.

EMPRESS DONGULA

I see.

Will Fondle looks at his watch.

WILL FONDLE

Oh look at the time! It's getting late and I haven't checked in to the hotel yet. Shall we ditch your date and head back to your room?

Empress Dongula ponders.

EMPRESS DONGULA

I shouldn't...

El Placebo lets out a big snore. Empress Dongula sighs in annoyance.

EMPRESS DONGULA (CONT'D)

Let's do it. I'm getting cleaned out here anyway.

WILL FONDLE

I'll clean you out upstairs too!

Empress Dongula giggles. Both Empress Dongula and Will Fondle start to leave. Will Fondle pockets more of El Placebo's poker chips as he continues snoring away.
